SPACES OF WONDER

“

Kata Tipis has a proud British heritage built on quality and product excellence. We take pride in our craftsmanship and attention to detail that comes with combined decades of experience.

CREATING SPACES

EXPERIENCE THE WONDER

There is nothing quite like a tipi, pitched in a beautiful location. Inside are friends, family and good times. They evoke a wonder and an excitement which is rarely experienced outside of the innocence of childhood. They are the only real choice for a magical outdoor social experience. A refuge from the mundane and a shelter in a natural landscape.

Can you remember the wonder you felt as a child when you created your first den? You crawled inside, looked up at the canopy, took in the atmospheric lighting and experienced the outdoors in a nomadic and extraordinary way. This is your exclusive space, the wonder of which you would only share with those closest to you. That perfect wonder has never ceased for us at Kata Tipis and it is that feeling of awe that we want as many people as possible to share.

We are the artisans of that vision, the hands that put it together, making sure that care, passion and attention is at the heart of every tipi we build.

Our creativity is tempered with care about where our materials come from and where our products are made. We are UK based and use expert craftsmen that have a combined experience of over 50 years. We believe in quality craftsmanship and skill. Every aspect of our tipis is considered in great detail. From the beautiful stitching and polycotton canvas completed in the Peak District, to the wooden poles used from sustainable UK forests and hand whittled in Hampshire, you will find the quality of our tipis is second to none.

When you buy from Kata Tipis you are buying into our sustainable ethos, detailed craftsmanship and support for British quality. You are not just buying a product, you are buying a crafted, magical space which will bring wonder and awe to all who experience it.

THE WONDER OF TIPIS

PICTURES SAY MORE THAN WORDS

The magic of tipi event spaces is undeniable. Your customers will be wowed and you will achieve an event space like no other.

THE HANDS THAT PUT IT TOGETHER

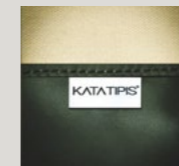

MASTER CRAFTSMEN

Our skilled craftsmen belong to the 'Guild of Master Craftsmen'. They have over 50 combined years of experience in their respective fields. We insist the materials which go into making our tipis are sourced locally from the UK and are of the highest quality. We only utilise suppliers who work ethically to sustain the forests that they source from.

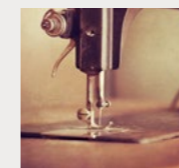

MADE IN BRITAIN

Kata Tipis has a proud British heritage built on quality and product excellence. We take pride in our craftsmanship and attention to detail that comes with combined decades of experience.

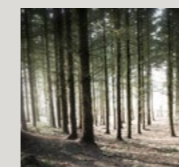

MATERIAL TECHNOLOGY

Our tipis are made from the latest fabrics with inherently flame retardant technology, meeting the BS7837 standard. The canvas is complemented by an olive green Cordura "skirt", exclusively manufactured for Kata Tipis.

DURABLE STITCHING

The quality of our stitching and yarn ensures the strength and longevity of our tipis. The canvasses are produced by our team of seamstresses in the Peak district, with a vast experience creating bespoke canvas products.

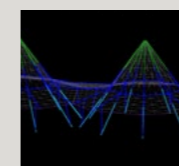

QUALITY BRITISH FORESTRY

Ethically sourced from UK forests. Each pole is individually selected by our experts, ensuring uniformity, in width, length and taper. Our poles are slow grown in sandy soil guaranteeing they are light and strong.

WHITTLED POLES

Whittled in Hampshire to maintain their natural beauty. They are completely debarked and smooth to touch, ensuring the natural feel that is unique to Kata Tipis and we believe as a tipi should be.

STRUCTURAL STABILITY

Our tipis have been structurally tested in all their configurations to meet the British standard for temporary structures BS EN13782.

The unique design allows the sides to be raised, bringing the outside inside, but it also allows as many tipis as you desire to be joined together

GO LARGE

THE GIANT HAT KATA TIPI

The largest of our Tipis in the Kata Tipi portfolio. ‘Magical’, ‘awe inspiring’ and ‘epic’ are just a few of the reactions to our Giant Hat Kata by people who experience it’s wonder. Although the tipi design is traditional, it’s sheer scale gives it the wow factor like no other event space.

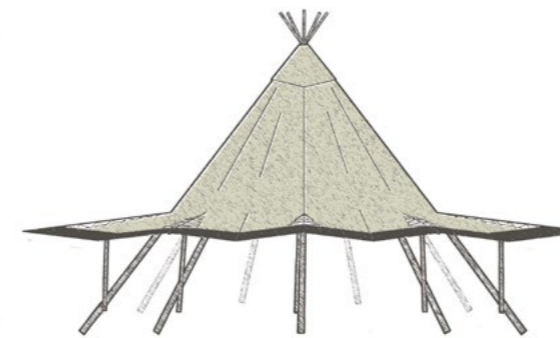

At just over 10m in diameter and a peak height of 7.7m, the Giant Hat Kata Tipi provides almost 85m² of internal space.

The unique design allows the sides to be raised, bringing the outside inside, but it also allows as many tipis as you desire to be joined together. This means that no matter what scale your event is on, the Giant Kat Kata Tipi has it covered.

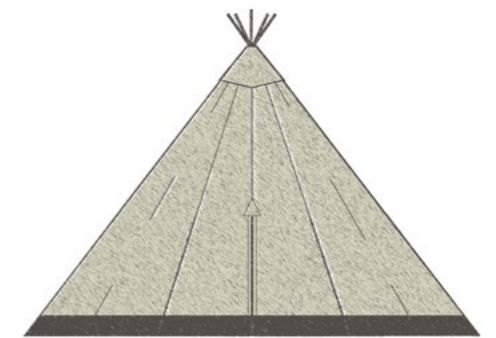

Constructed from our leading edge waterproof & fire retardant canvas and natural strong & light poles, the Giant Hat Kata Tipi provides a light & sun filled atmosphere by day and an intimate & cosy party space by night.

SHELTER ME

THE MINI KATA TIPI

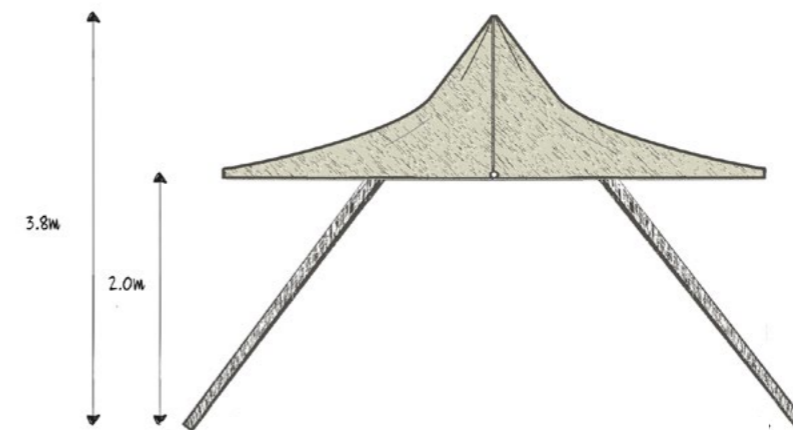

When the sun is shining, sometime you just need a little shelter, or you need somewhere to entertain protected from the elements of an English summer

The newest member of the Kata Tipi family, our Mini Hat is the perfect complement to the Kata Tipis range.

Equally at home as part of a larger event structure or on it's own, our Mini Hat is quick to erect and provides a stylish, yet simple canopy for entertaining.

Made from the same high performance canvas as it's bigger brothers, and constructed with the same loving, caring hands as the Giant & Midi Kata, the Mini Hat can be erected in just 25 minutes by 2 people

“

I just wanted to say a massive thank you from the team for all your help with the Branded Tipis, the client loved them!

EXPERTS

SHARING REAL INDUSTRY EXPERIENCE

Definition of 'Expert' : A person who is very knowledgeable about or skillful in a particular area.

We are not pretentious enough to pretend we know everything, but we know a thing or two about Tipis. We have first hand experience of the rental market, running venues & event management, and running successful businesses.

Our training and install team have been working with tipis for over 8 years and have erected over 3000 tipis!

The Kata promise is that we will be open and share our knowledge & insight, whether specific to Tipis or you need some advice on setting up your business. We have an in house graphic designer to help with branding, logos etc and we also have a chartered accountant in our team.

Whatever your Tipi journey, we will support you along the way, no matter what.

That is our 'Support promise'.

“

Whatever your Tipi journey, we will support you along the way, no matter what – that is our Kata Support Promise!

“

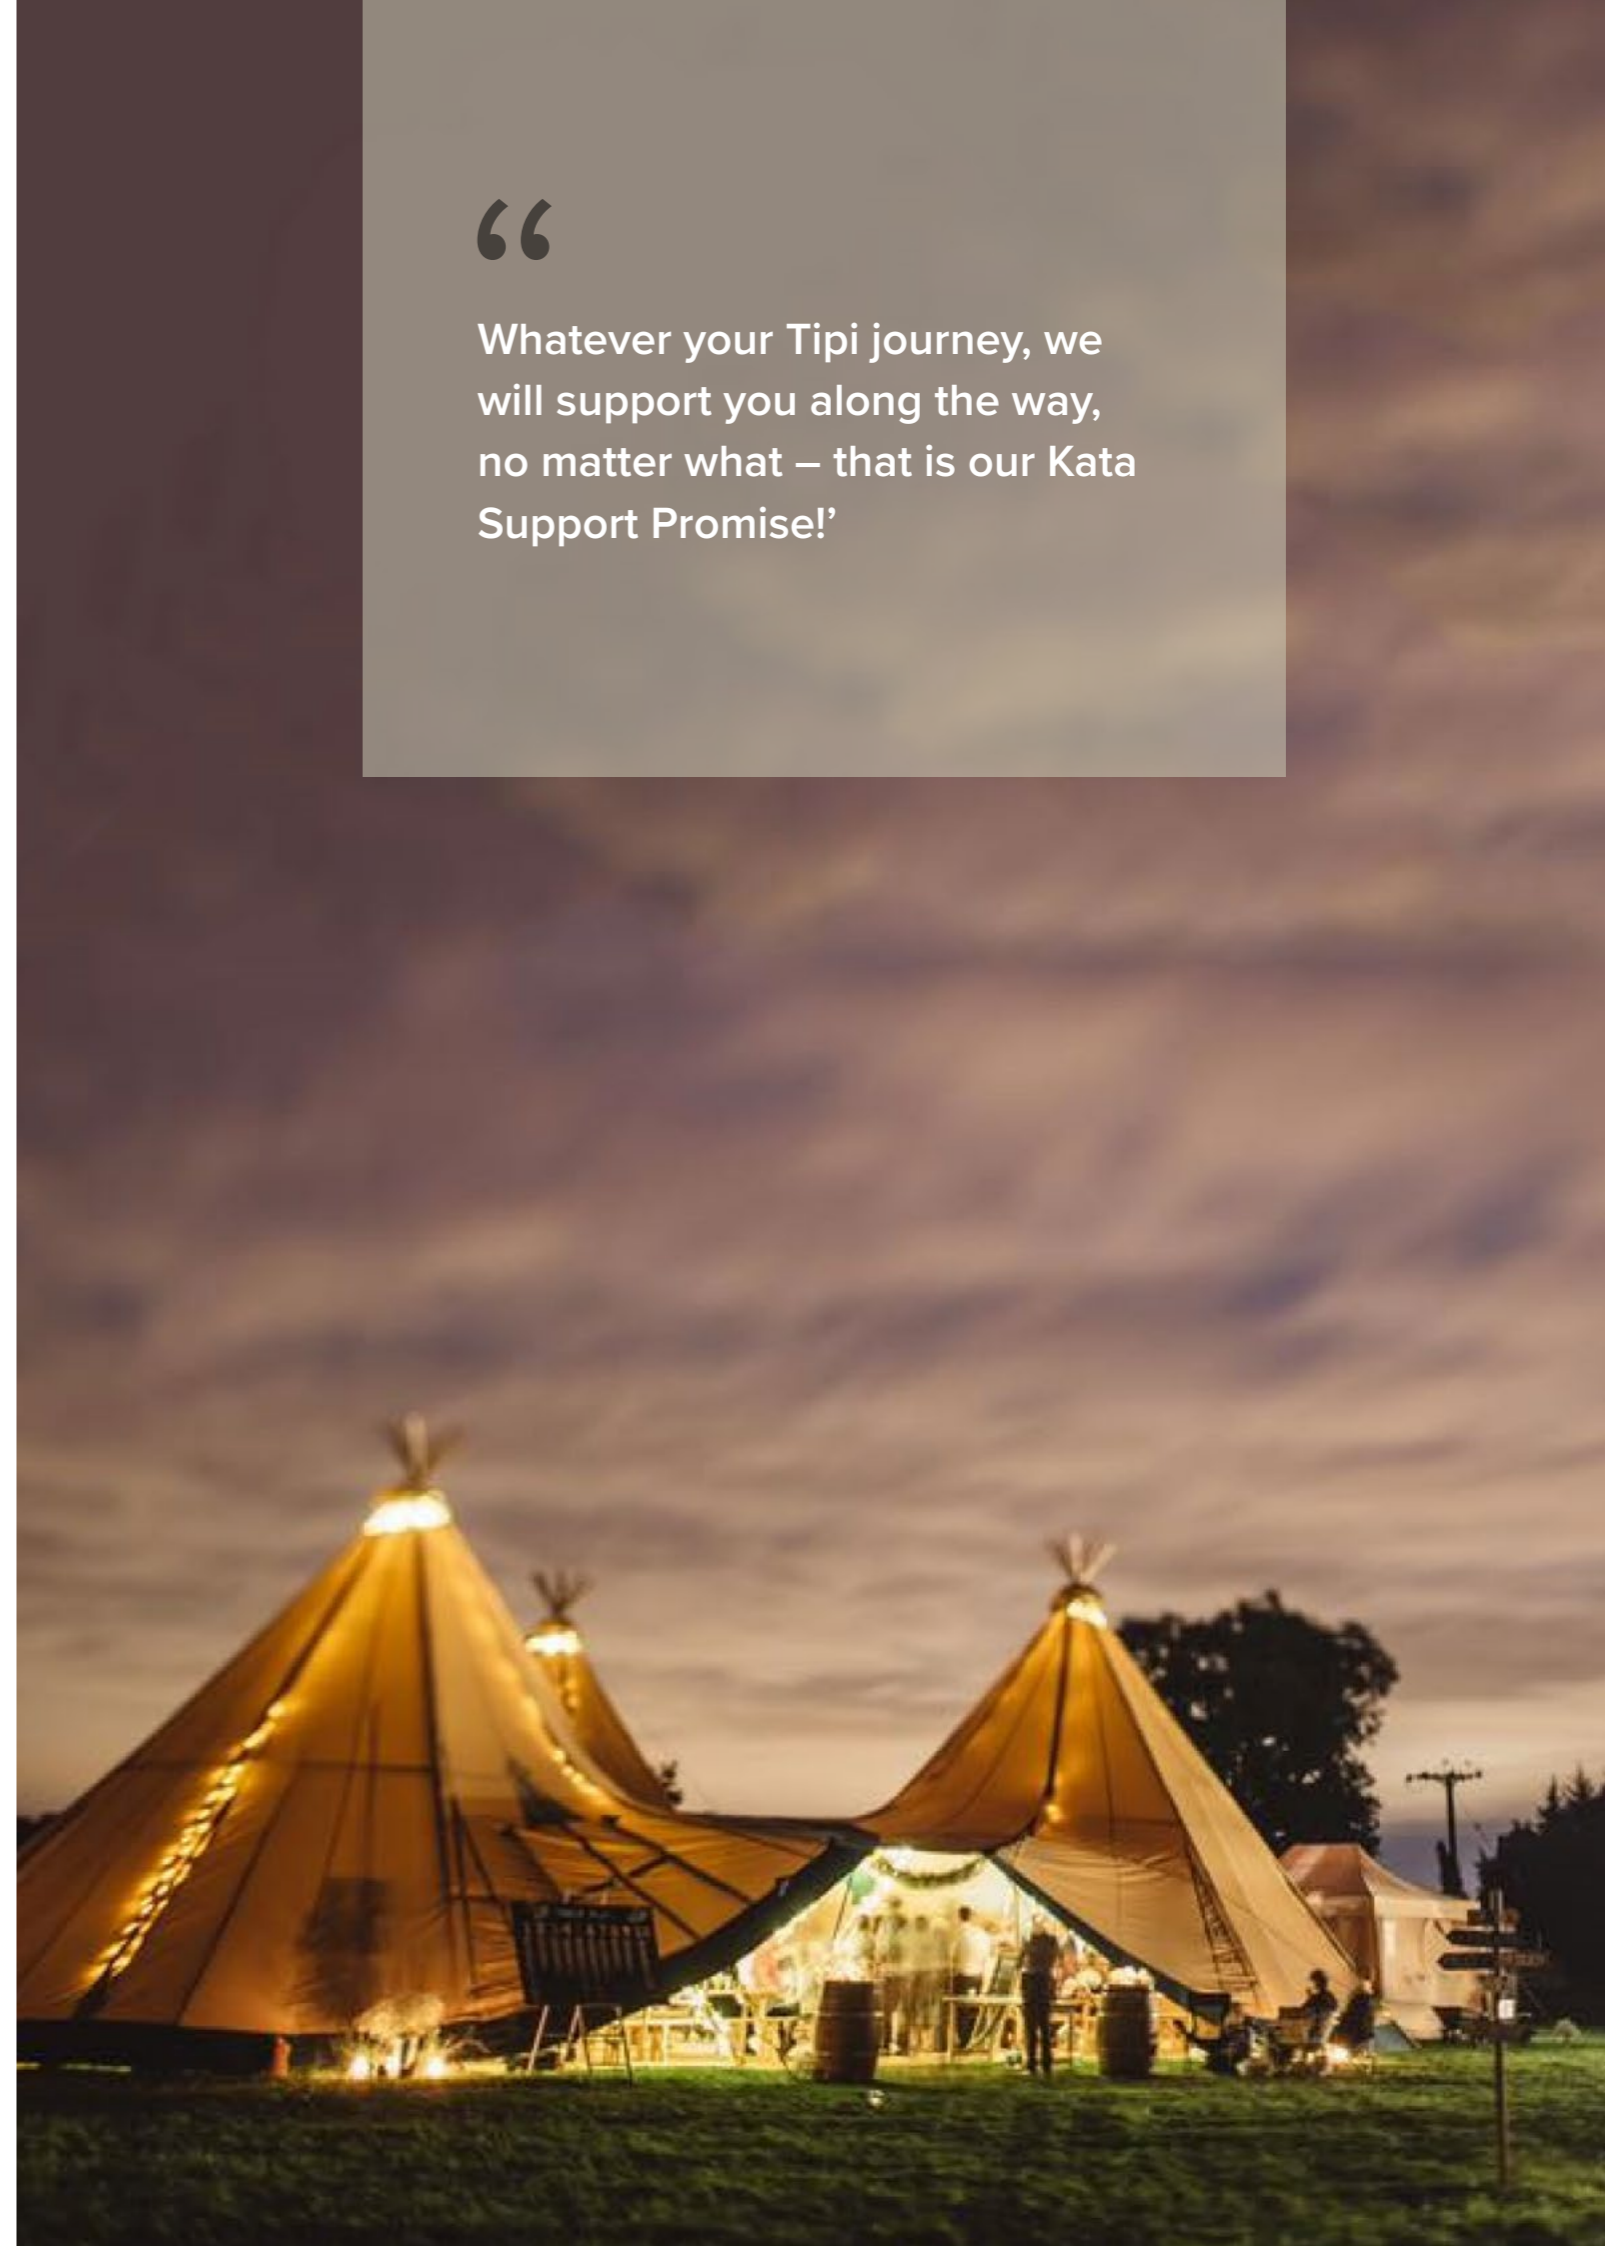

We started our company nearly 2 years ago when we purchased 2 Giant Hat Tipis from Tom and the team at Kata, we chose Kata because of their genuine enthusiasm to help and support us on our journey.

From the initial quote through to the current day where we have 7 Tipi's, they have offered an unsurpassed after sales service, and guided us on many other business decisions.

Their knowledge of the Tipi rental market has been immensely beneficial, and they are always available to assist where they can.

They have been and will continue to be our first stop for all our additional Tipi purchases and would highly recommend them to anyone wishing to enter the Tipi market or expand their current stock.
